PROFILE

I am a Software Engineer with a Bachelor's degree and experience as a Junior Full Stack Developer. I excel in both front-end and back-end technologies, with a strong focus on creating scalable, user-centered applications. Passionate about problem-solving and continuous learning, I am eager to contribute to innovative projects and further develop my skills in software development.

EDUCATION

Estuary Academic and Strategic Institut (INSAM)
Bachelor's Degree in Software Engineering
Bafoussam, Cameroon | 2022 – 2023

- IBM INTRODUCTION TO CLOUD COMPUTING ONGOING CERTIFICATION.
- IBM INTRIDUCTION TO DEVOPS SOFTWARE ENGINEERING
- CERTIFIED IN UX/UI DESIGN FOUNDATION
- RESPONSIVE WEB DESIGN BY FREECODECAMP
- MICROSOFT WORD AND EXCEL CERTIFIED

PROFESSIONAL EXPERIENCE

Junior Full Stack Developer
Hello Computing - Germany
November 2023 - Present

- **Developed and maintained front-end applications** using Angular, implementing responsive designs and interactive features to enhance user experience.
- **Designed and built back-end services** with NestJS, ensuring robust and scalable server-side functionality.
- **Utilized Docker** for containerization, streamlining development, testing, and deployment processes.
- **Collaborated with cross-functional** teams to gather requirements, troubleshoot issues, and deliver high-quality software solutions.
- **Implemented best practices** in coding, testing, and documentation to ensure maintainable and efficient code.
- **Contributed to agile development** processes, including sprint planning, daily stand-ups, and code reviews.

Web Developer Intern
CIA Consulting - Yaoundé, Cameroon
June 2023 - November 2023

- **Developed and maintained web applications** using React, creating dynamic and interactive user interfaces.
- **Built server-side logic** with Laravel, implementing efficient and secure back-end solutions.
- **Utilized Next.js** for server-side rendering and static site generation, optimizing performance and SEO.
- **Collaborated with senior developers** to design and implement features, troubleshoot issues, and improve application functionality.
- **Participated in code reviews** and contributed to team meetings, enhancing the development workflow and ensuring code quality.
